### SURGERY CONSENT FORM

Date \_\_\_\_\_ Pet's Name \_\_\_\_\_  
Owner \_\_\_\_\_ Species \_\_\_\_\_  
Address \_\_\_\_\_ Breed \_\_\_\_\_  
\_\_\_\_\_ Sex \_\_\_\_\_

I hereby authorize Dr. \_\_\_\_\_ and/or such assistants as selected by him/her, to perform the following procedures upon my pet

During the operation, unexpected circumstances such as heat, pregnancy, undescended testicles, pyometra, cystic ovaries, etc., may require additional or different procedures, incurring extra charges. I authorize the named surgeon and assistants to perform necessary procedures based on their professional judgment. If unreachable, the authority granted here extends to addressing conditions unknown to the surgeon initially. I understand medicine and surgery are not exact and no guarantees on results have been given. I am informed of associated risks and consequences.

All animals undergoing surgery will have an IV catheter placed. IV fluids help maintain proper blood pressure and flow as well as helping to protect the organs. In addition, we readily have a port available to administer potentially life-saving therapy.

Surgeries involve pain that often lingers over a few days. Pets can be stoic and sometimes they do not let us know that they are in pain. All animals will receive pain medications the day of the surgery. For dogs, take home medication will be dispensed.

To enhance my pet's recovery experience, the clinic can administer a Cerenia injection, it is designed to alleviate nausea and stomach discomfort in dogs and cats for up to 24 hours, ensuring a smoother and more comfortable recovery. I understand this injection is available at a cost between \$30 and \$50, depending on my pet's weight. I Accept \_\_\_\_\_ Decline \_\_\_\_\_ this injection.

All animals admitted must be current on their vaccinations.

**Pre Anesthetic Blood Work:** A pet that appears healthy may still have hidden illnesses. Should a problem be found, anesthesia can be postponed or adjusted to fit your pet's needs. \$88.00 \_\_\_\_\_ request \_\_\_\_\_ decline

**E-Collar:** To keep pet from licking surgery site. Between \$12 - \$26. \_\_\_\_\_ request \_\_\_\_\_ decline

**Microchip:** Pet identification. \$70.00. \_\_\_\_\_ request \_\_\_\_\_ decline

**Laser Therapy:** Laser therapy is the use of an intense beam of laser light directed into tissues to reduce pain, increase blood flow, decrease inflammation and promote healing of the incision. \$17.00 \_\_\_\_\_ request \_\_\_\_\_ decline

**Histopathology:** \$139.00 \_\_\_\_\_ request \_\_\_\_\_ decline **Stone Analysis:** \$99 \_\_\_\_\_ request \_\_\_\_\_ decline

Would you like your pet's nails to be trimmed while under anesthesia? (Complimentary) \_\_\_\_\_ request \_\_\_\_\_ decline

**For all procedures necessary to maintain oral health** (extractions, bone replacement mixture, antibiotic gel, open root planning, etc.) that are discovered through dental examination and X-rays, I agree to one of the following:

**A)** Perform oral surgery at the doctor's discretion to ensure a healthy mouth. **I don't need to be contacted** first and I understand advanced dentistry can increase the total bill up to an additional **\$300-\$600**. \_\_\_\_\_.

**B)** You may perform oral surgery without contacting me but **do not let my oral surgery bill exceed \$**\_\_\_\_\_ without contacting me first. \_\_\_\_\_.

**C) Do not perform oral surgery without contacting me first.** I understand you will make one attempt to contact me, and that my pet will be anesthetized when you call. If I don't answer your call, my pet will be recovered from anesthesia without the needed treatment being performed, and that will result in my pet needing a separate procedure in the future. \_\_\_\_\_.

**PLEASE LIST ALL MEDICATIONS YOUR PET IS ON:** \_\_\_\_\_

Has your pet had any food or water in the last 8 hours? \_\_\_\_\_
